

COUNTERFEIT BEARING PRODUCTS ALERT!

Valued Distributors,

Counterfeit bearing activity is a global issue and as a global manufacturer of bearings, we recognize the risks for both the distributor and manufacturer regarding the purchasing and distribution of counterfeit bearings.

As partners promoting Koyo products, it is imperative that we safeguard the integrity of Koyo products by only purchasing Koyo products from authorized Koyo distributors or direct from Koyo.

If you feel you may have purchased or your customer may have purchased counterfeit Koyo product, we ask that you notify your local Koyo salesperson or the Koyo USA headquarters.

All of us in the bearing industry must work together to eliminate counterfeit product in our markets and supply channels.

Thank you in advance for your help in this critical area.

Regards,

Michael J. Carlson
